1. Engel.

Engel is known to work for Gen. West and Beki would like to know if Engel is actually doing valuable work. At one time the Yougoslav Government in London sent Engel (Jew) one million Swiss francs for transmittal to Mihailovich. Engel sent 4 million Lire and put the rest in his pocket, thus greatly handicapping Mihailovich's activities.

2. Caganovich.

Beki met Caganovich who has a villa on the Swiss border near Annemasse. Caganovich promised Beki to help him to get the 2700 Yougoslavs now interned in Switzerland into France the moment the invasion starts in France. Beki is trying to get his help for getting about 100 Yougoslavs across France to Corsica. Beki got the impression that Caganovich is anxious to get in touch with the British Intelligence.

3. Yougoslav Minister.

At 4:30 this afternoon the radio "Yougoslavie Libre" in Moscow will broadcast a denunciation of the Yougoslav Minister in Bern.

4. Beki.

Beki received an anonymous letter the typing of which he identified as coming from the Pension where Yougoslavs are interned at Vevey. The writer of the letter, a Communist, threatened to kill Beki if he did not abandon Mihailovich and adopt the cause of the Partisans. This thread did not seem to bother Beki a great deal.
